OUR MISSION — DONATE 100% OF PROFITS TO CHARITY

Cayman Cigar Company began with the combined vision of two friends, Caymanian John Lemuel “Lem” Hurlston and Granger Haugh, an American.

Granger and Lem proposed a "for-profit/non-profit" business model that would help charitable organizations while making some of the world's best cigars.

Thus, they envisioned that Cayman Cigar Company donate 100% of all net profits to charitable organizations. Research indicates that Cayman Cigar Company is the only premium cigar company in the world to donate all net profits to charity.
